

WELCOME TO THE 2022 GREATER PORTLAND ECONOMIC SUMMIT

BEYOND BUREAUCRACY: LEADERSHIP IN ACTION
#GPISUMMIT

Thank you for joining us for our annual Economic Summit. This election year, our program will focus on the key role government leaders can play to spur economic growth.

Our keynote speaker, Oakland Mayor Libby Schaaf, has led the city's economic revitalization – including an extraordinary residential building boom – while cutting gun violence in half. Directly following Mayor Schaaf's address, don't miss out on a fireside chat with her and GPI President and CEO Monique Claiborne, along with an audience Q&A.
